To Whom It May Concern:

At Langer Heinrich Uranium we welcome the opportunity to participate with local businesses such as Arandis Services and assist them with being successful.

During Construction in 2006 and further into the initiation of Operations in 2007, Arandis Services has performed very well on a variety of projects. We have no doubt that they will continue their good work, and will assist Langer Heinrich into the future.

We wish them all the best in their new venture.
